

SUMMER

Upgrades & Maintenance

June - August

Take Advantage of the Seattle Sun

Seasonal Inspections

You handled critical cleaning and repairs throughout the year.

Go enjoy the Sunshine and your home.

Seasonal Cleaning

Pressure Washing: Clean patios, decks, and driveways for summer use.

Seasonal Maintenance & Repair

Fence & Gate Repairs: Best time for stain or sealant before mid-summer heat

General Exterior Repairs: Dry Season is great for any outdoor touchup work.

Ideal Upgrades Opportunity

Summer is perfect time for exterior projects.

Maximize your outdoor spaces

Reroofing: Dry stable weather ensures materials set properly and faster installation.

Window Replacement: Easier to install without affecting indoor temperatures.

Deck Installation: Dry conditions prevents warping from excess moisture.

Pavers: Stable ground is ideal conditions for proper leveling and installation.

Gutter Installation: Prepares your home for Seattle's fall rains

Deck Staining: Stain is able to fully absorb and seal the deck against moisture.

Solar Panel Installation: Sunshine exposure and clear weather ideal installations.

Landscaping Projects: Optimal for hardscape projects and yard prep for fall.

Large Scale Exterior Painting: Dry periods reduces workflow interruptions.

Seattle Summer Activities

Scan the QR Code: Nowhere can beat Seattle Summers, weather is perfect. Get outside and enjoy it! I pulled together some ideas for you in the area. Let me know of more so I can share with the community.
